ILLUMINATING THE WORLD

## PROFILE

**AKARUI** is an ISO 9001:2015-certified company that was founded with the aim of energy conservation and helping preserve our planet for future generations. We believe in the revolutionary potential of LED technology and its many beneficial facets.

LED's acts as a superior method of lighting for every operation without any of the drawbacks. It also provides safety, longevity and durability. We, at AKARUI, want to emphasize these qualities by offering you the best range of products. In this era of 24/7 consumerism, we abide by the principles of providing alternate energy solutions.

Conservation is of utmost importance. Future generations depend on the sustainability of the present and the conscious choices we make. The promoters have over four decades of domain expertise in this space. We aim to contribute to energy savings worldwide by 2020 via promoting the use of 'Made in India' technology.

As we move towards our goals, we seek to provide our consumers with solutions that benefit the environment at all times and help create a better India. Our range of products include architectural, commercial, landscape, industrial, domestic and indoor lighting. Our state-of-the-art manufacturing facilities ensure premium products of the highest quality and greatest value as well as functionality.
